End Date/Time: Thur 7/25/2013 9:00:00 PM

Hello - I received this meeting invite while out last week, would anyone else like to participate? Shell is providing an overview on the Geotech work. If not, no worries, just consider this an FYI.

I have reserved the 13th floor Mining Room from 1-2 if anyone wants to join me.

Subject: Geotechnical Soil Boring Survey - Plans Technology, Methodology and Equipment
When: Thursday, July 25, 2013 1:00 PM-2:00 PM (GMT-08:00) Pacific Time (US & Canada).
Where: Conference Call and / or Frontier bld conference room 1327

I forgot to take into account the time difference for the Houston guys. Let's move the meeting time to 12:00 to 1:00 AK time - 3-4 Houston time and for those who can make it to the Anchorage Shell office, we'll provide lunch.

Good Morning All,

To help clarify any questions EPA and or ADEC may have regarding Shell's geotechnical survey plans for 2014 and beyond in support of our NPDES / APDES permit application. Shell will be presenting presentation of how our geotechnical soil boring survey program works, what technology, methodology and equipment we plan to use in the survey.

The meeting will be held in the Frontier Bld - conference room 1327 and for those of you who can't make it in person you may call the conference call in number provided below. I'll forward the power point presentation to everyone prior to the meeting time.

Tentative agenda:

- Definition of Terms
- Objectives of 2014 Geotechnical Surveys
- List of Permits
- 2014 Chukchi Sea Geotechnical Survey Area
- 2014 Beaufort Sea Geotechnical Survey Area
- Available Technology for 2014-2018 Geotechnical Program
- Conventional Wet Rotary Drilling Technology - Selected Photographs

Log of Boring & Test Results-For Pulling it All Together/Discussion

Let me know if you have any questions.
